

UMC Build Questionnaire

IMAGES

It's helpful to see any images that you find inspiring or that you just like. They can be images of particular bikes, or particular details (exhausts/tyres/paint/colours/graphics/seats/etc), or just an image that you like, find inspiring, and would like us to capture the 'spirit' of (maybe that's a landscape, maybe an interior, maybe a classic car, whatever!). We will take all the different images and start to build a coordinated design that blends both your personality and the UMC personality.

QUESTIONS

Below are some questions that help to get an idea of what you like, what you want to do, and anything else that might be helpful. If you can only answer a few questions at this stage, don't worry, it's just the beginning of the back-and-forth conversations that we'll be having together that will eventually become your dream bike.

GENERAL INFO

Donor Bike

Brand / Model / Year + any photos of your bike

Style of Bike

Cafe Racer / Scrambler / Super Moto / Dirt Tracker / Enduro / Flat Tracker / Dragster / Other

Type of Use

Race / Road / City / Off Road / Adventure / Long Trips / Short Trips / Solo / Partner / Other
